MEMORANDUM FOR: THE DIRECTOR, PSB

25X1A

SUBJECT: [REDACTED] Suggestion for Improving
Facilities for Ideological Warfare.

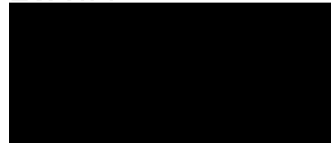

25X1A [REDACTED] is a very interesting memorandum to you
from [REDACTED] which is, I think, self-explanatory.

25X1A

T [REDACTED] and I have discussed it and
we feel that it should be followed up with either State
or CIA. Our suggestion for a first step is for you to
send it to Allen Dulles for a reaction and for an indi-
cation of CIA's interest. It may be that he will feel
that State's support should be sought from both the
standpoints of policy and financial support. However,
it seems to us that we should start with him rather than
going to State first.

I am attaching a memorandum for Mr. Dulles for your
signature in case you agree with the above.
